  https://www.youtube.com/watch?v=MNuobtrVuho&ab_channel=LastCode

OPEN SOURCE PROJECTS

- @lastcode802/threedview This library or package is all about rendering your 3d model on React.js and Next.js

  https://www.youtube.com/watch?v=YGoDkcuu1tE&ab_channel=LastCode
  https://www.npmjs.com/package/@lastcode802/threedview

- @lastcode802/glassarview Offer glasses virtual try-on to your users with this JavaScript widget. It can be easily integrated into an e-commerce website or into a mobile web application with a few lines of code. The experience is in real-time: the user see his face like in a mirror, but with glasses on.
